Examination Results

2019-20

# Overview:

---

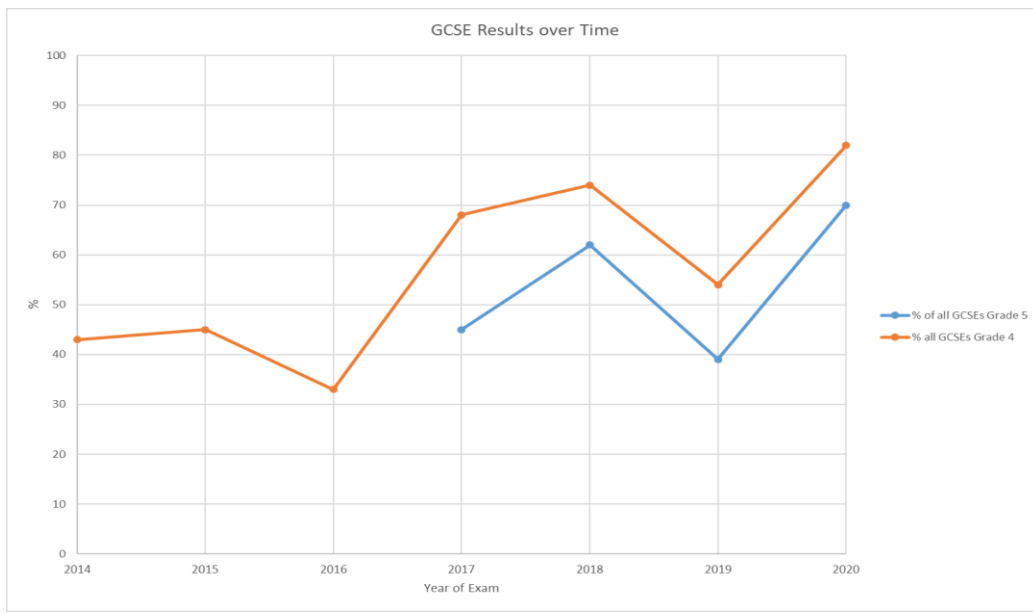

The students who undertook Summer examinations in 2020 will always be known as the 'COVID cohort', and the examination results themselves overshadowed by the infamous algorithm. However, we are delighted to report our results, our moderated Centre Assessed Graded results, as honest reflections and indicative of the abilities of our young people.

In many measures the results in 2020 are the best in the history of the school. However it must be made clear that they are not over inflated and exorbitantly high – they are broadly in line with the results of 2018 and show the sustained improvements to results over recent years.

## 3 Year Rolling Averages

A measure of consistency can be gained by using 3 year rolling averages in order to flatten out year on year variation and therefore to establish clearer trends.

The GCSE results over the last few years show sustained improvements to GCSE results across the school and reinforce the fact that the results of 2020 were in line with recent improvements seen.

3 Year rolling average	Total no. GCSEs	Total GCSEs %C+	English % C+	Maths % C+
