

# Supporting people to live independently is key to what we do at SENAD Community.

We've recently helped one gentleman to find his own home.

We have worked with his mum, the wider family, and other people that have supported him over the years to ensure everything was in place before he moved in.

Together with the family, Kristian, Operations Manager, has written the care plan and recruited and trained a staff team to provide the support required.

**SENAD**  
community

**We all wish you lots of  
happy times in your new  
home!**
